### Directions for use:

Apply in the mornings on face after washing with Refresh wash and application of Skin Protect cream.

### Active ingredients:

**MATRIXYL™** is a hydroglycolic solution containing a lipopeptide. MATRIXYL is a revolutionary ingredient to treat wrinkles and is a remarkable alternative to retinol and vitamin C. Repairing the matrix and epidermal-dermal junction. MATRIXYL also stimulates wound healing gene expression.

**Ronacare VTA** is a combination product that helps the skin to retain and store its natural moisture by protecting and stimulating the expression of hyaluronic acid and other glycosaminoglycans. Magnesium l-ascorbyl phosphate is a long lasting form of vitamin C that works with our peptide complex to maximize its effect, diminish age spots (hyper pigmentation) and provide the antioxidant protection your skin needs.

**Pentavitin** is a natural moisturiser that hydrates keratinocytes and keep the epidermis moisturised for 72 hours.

**Hyaluronic acid** is a major component of skin, where it is involved in tissue repair. Hyaluronic Acid is able to absorb up to 1,000 times its molecular weight in water, it acts like a molecular sponge to prevent moisture loss.

**MSM (Methylsulfonylmethane)** is an organic form of sulphur, that is a vital element needed to manufacture connective tissue. It has been found to help in dissolving scar tissue, decrease inflammation, and increases elasticity in cells.

**Allantoin** is an effective healing agent that helps to promote cellular renewal and it has a soothing and softening effect.

### Other ingredients

**Niaciamide (Vitamin B3)**, it serves as an effective skin-lightening agent. Improve the ability of the epidermis, the upper-most layer of the skin, to retain moisture. It exhibits anti-inflammatory properties.
