

Skin Scripts Multi Serum

Niacinamide (Vitamin B3), serves as an effective skin-lightening agent. Topical niacinamide also exhibits anti-inflammatory properties, which makes it a treatment for inflammatory spots in acne, rosacea and any blistering-type disease.

BENEFITS:

- Skin lighting
- Anti-inflammatory
- Enhances epidermal cell turnover
- Encouraging the production of natural emollients that can help the skin remain hydrated and retain moisture
- It also relieve shaving rash in men

Multi Serum

DIRECTIONS FOR USE:

Apply morning and evening after Cleanser

Active ingredients:

VITAMIN B3: Helps with cell and lipid regeneration, anti-oxidant, anti-inflammatory, contributes to the support of the skin's barrier against pollutants and other irritants.

Dipeptide Lipo-Arginylm-Tyrosine:

A lipopeptide that is a switch messenger for gentleness, comfort and relaxation. Modulates the releasing of certain neurotransmitters thus stimulation of relaxation messengers and lessening of contraction messengers, ideal for skin calming.

Other ingredients

Aqua, Carbomer, AMP.
