Apply twice daily after washing face and serum application.

### Active ingredients:

**VISIBLANT<sup>™</sup>** Provides a brighter complexion, with visible reduction of dark spots. Even tone results on all skin types.

### Results within 4 weeks that lasts for upto 8 weeks.

**ARBUTIN** is a glucopyranoside of hydroquinone extracted from the bearberry plant. Arbutin is effective in the topical treatment of various cutaneous hyperpigmentations. Arbutin used as topical application provides a localized effect of similar to hydroquinone that is less toxic and irritating.

**Azelaic acid**, has been used for treatment of skin pigmentation including melasma and post-inflammatory hyperpigmentation. Its anti-pigmentation action seems to be selective on abnormal melanocytes. It acts as a competitive inhibitor of tyrosinase in the active binding site and reduces the production of melanin. Azelaic acid is also an anti-inflammatory activities by reducing the production and release of reactive oxygen. Reactive oxygen species or free radicals are believed to contribute to post-inflammatory hyper-pigmentation in a acne.

**Methylsulfonylmethane (MSM) is an organosulphur compound**, the sulphur content of MSM can be used to maintain normal connective tissue it also has, anti-inflammatory properties. MSM makes skin cells permeable and will increase the cellular concentration of all the other ingredients in the formulation.

**Allantoin** is natural occurring compound and is keratolytic and keratoplastic. It has moisturizing, soothing and healing properties and is an anti-irritant and non-toxic agent.

**Niacinamide**, vitamin B3, is anti-inflammatory by inhibition of The anti-pigmentation effect of Niacinamide is mediated through the reversible blocking of the transfer of melanosomes from melanocytes into keratinocytes.

### Ingredients

Aqua, Glycerin, Octadecenedioic acid, Methylsulphonylmethane, Saccharide Isomerate, Niacinamide, Glyceryl Stearate, PEG-100 Stearate, PPG-2 Myristyl Ether propionate, Caprylic/Capric Triglyceride, Shea butter, Arbutin, Azelaic Acid, Grape seed oil, Jojoba oil, Stearic acid, Magnesium Aluminum Silicate, Cetearyl Alcohol, Ceteareth-20, alpha-tocopherol acetate, L-lysine, Allantoin, Xanthan gum, Cetyl alcohol, benzylalcohol, Dihydroacetic acid.
