

## Nourishing Peptide Cream

Contains peptides that remodel the contours of the décolleté through a progressive and targeted process, also moisturise, protect and promote collagen synthesis and slow down the aging process.

### Benefits

- A hydrating and nourishing moisturiser formulated with therapeutic levels of phosphatidyl choline, olive polyphenols, peptides and calcium and essential amino acids.
- Fortifies and restructures thin and fragile skin
- Stimulates the release of pro-endorphins, providing an exhilarating effect in the skin, and inhibits muscle contractions responsible for the appearance of expression wrinkles.
- Instant deep hydration
- Deep hydration for 72 hours
- Strengthens skin barrier function
- More than 50% improvement in skin smoothness and softness and more than 50% reduction in flakiness and itchiness caused by dry skin after only 2 weeks application
- Skin will become measurably thicker and more youthful in appearance

**MANUFACTURED IN SOUTH AFRICA**

**DRA PHARMACEUTICALS,  
Route 21 Corporate Park, Irene X 31,  
Centurion.**

**Apply at night after washing face with Refresh wash and application of serum.**

### Active ingredients:

**MATRIXYL™** is a hydroglycolic solution containing lipopeptide, this molecule stimulates the skin fibroblasts in order to reconstitute the extracellular matrix: it leads to the synthesis of collagen I and IV, fibronectin and glycosaminoglycans. MATRIXYL is a revolutionary ingredient to treat wrinkles and is a remarkable alternative to retinol and vitamin C.

**CALMOSENSINE™** is derived from a peptide naturally present in the body, it is the first peptide to act as a switch messenger for gentleness and comfort. It provides happiness and muscle relaxation, and helps prevent the appearance of first wrinkles.

**ESSENSKIN™** is a complementary source of calcium and essential amino acids through the synergetic association of calcium  $\alpha$ -hydroxymethionine and homotaurine

recreates epidermal homeostasis and restores the main cell functions: differentiation, proliferation, protein and lipid synthesis. The skin regains its density, firmness, elasticity and smoothness.

**PENTAVITIN™** a 100% natural, plant-derived ingredient Provides deep hydration and generates a moisture reservoir that lasts for 72 hours. It also gives a 50% improvement in skin smoothness and softness and more than 50% reduction in flakiness and itchiness caused by dry skin after only two weeks of application.

**Hyaluronic acid** is a major component of skin, where it is involved in tissue repair. Hyaluronic Acid is able to absorb up to 1,000 times its molecular weight in water, it acts like a molecular sponge to prevent moisture loss.

### Other ingredients

Aqua, Phosphatidylcholine, Ethylhexyl Palmitate, Squalene, Cetostearyl Alcohol (and) Cetareth-20 Cetostearyl alcohol, Glyceryl Stearate (and) PEG-100 Stearate Olive butter, Benzyl alcohol & dihydroxyacetyl acid., Cucumber extract.
